A CONFERENCE FOR THE WHOLE FAMILY

UTICamp is an opportunity to travel with your family and children, or even with your pet. So that you don't miss them during your business trip, UTICamp does its best to combine everything you love in a single point in space and time.

FESTIVAL CONFERENCE

Yoga on the beach, breakfast by the river, presentations under pine trees, workshops on the edge of the forest, a welcome buffet on the pier, songs around the camp fire. Life is more than just work, after all. People rarely come up with great ideas sitting in front of a computer screen. Ideas are conceived when we are full of energy, inspiration and the desire to create something new. This is why we do UTICamp. And you can become a part of this magic!
